

EXECUTIVE NEWS

Season's Greetings

It's been another unbelievable year and, as it draws to a close, we'd like to thank all our clients for their ongoing support. It's been a pleasure working with you and we look forward to seeing you again in 2015.

2014 has been a good, busy year for us! We have worked very hard on the new version of our Website, and are very excited about our new look for 2015!

To all Executive Decisions Clients – past, present and future – we'd like to wish you and your families a wonderfully relaxing holiday season filled with laughter, love and lazy afternoons. If you are going away, remember to go through our Holiday Safety Tips in securing your home and please remember to travel safely.

In-House Breeding Programme

Executive Decisions embarked on a new in-house breeding programme, where we selectively breed our own pedigree dogs for the unit, ensuring quality breeds at all times.

We recently extended a hearty warm welcome to the newest members of our K9 Division. Proud Explosive K9 Udini gave birth to 7 healthy little puppies on 14 September 2014.

The pups are now nearly 3 months old and doing very well. They will be trained as our newest recruits in the K9 family learning how to expertise their new skills in drug detection, explosive detection and patrolling.

We look forward to our new journey with our new furry staff members.

Holiday Safety Tips

Happy holidays are here again 'tra la la '! Not been robbed yet? Let's keep it that way. In this age of self-preservation, herewith a few hints to make your home a *little less vulnerable* while you are away:

- A pile of mail or newspapers on your doorstep, or in the mailbox, speaks volumes. It would be worth a bottle of superb red wine for your neighbour's assistance in avoiding attention by removing the mail.
- A home remaining dark, after dark, particularly if it's a few nights in a row, (nothing to do with Eskom!), calls for a look into. Time switches are cheap and easy to install, but test them beforehand.
- Inform your neighbours, so that they can query those chaps in blue overalls carrying out your TV to a van - in broad daylight!
- Alert you Neighbourhood Watch so that they can keep an eye on your home at night. If you have one, ensure that the alarm system is operative.
- Do *not* leave a message on your home phone regretting your absence until the next school term.
- For those having to stay at home – watch your back – it is no secret that house robberies are no longer uncommon. Be alert as you approach your home after work, or from a visit to the bank, or after a night 'on the tiles'. If you believe that you are being followed, drive past your house and into a busy centre or the local Police Station.
